AGENDA

- 1. Apologies for absence**
- 2. Licence variation**

An application has been received for the variation of an existing premises licence for Bygrave Plantation and can be found on the Council's public register:

**https://onlinepp.north-herts.gov.uk/register/index.html?fa=licence_register
by searching for Bygrave Plantation.**

Full details are available at the above link however the basic overview is a reduction in licensable timings, and an increase in capacity to 24,999 for a maximum of four events.

The public consultation is open until 03 January 2025.

Representations can be made for or against the application by any person but are limited to the narrow remit of the four licensing objectives:

- The prevention of crime and disorder
- Public safety
- The prevention of public nuisance
- The protection of children from harm

Matters not relating to these objectives such as planning, car parking, etc are not relevant to the licensing process as they are separate regulatory regimes with different objectives.

The granting of a premises licence does not preclude the requirement to comply with other regulatory permissions.

Representations should also focus on the impact or likely impact of the specific premises in relation to the licensing objectives not the locality in general.
